

GUIDO GLIELMI

Hi! I'm a Web Developer student. After graduating as a technician in Sound and Recording, I came across the incredible world of programming, for which I instantly developed a bond of interest and wonder. I consider myself a creative person, who encourages debate and new ideas among my team, trying to integrate my strengths with others as best as possible. Thank you for taking a look at my profile and I hope we can work together.

EXPERIENCE

Blessit, Argentina — *Freelance* (DECEMBER 2022 - CURRENT)

Designed and developed a video call application to facilitate communication for the deaf community. Implemented a user authentication system for clients and translators and status indicator feature for call managers through WebSocket, allowing them to monitor the availability of translators.

Corazón de Manzana, Rosario — *Sales* (FEBRUARY 2019 - CURRENT)

Gemstones retail business. I provide personalized attention to customers, take care of inventory control and arrangement of product bundles. Furthermore, I developed, manage and maintain an E-commerce SPA for reserving products using an admin dashboard and services such as e-mailing, Telegram messenger and Mercado Pago.

Metales AS, Rosario — *Fullstack Developer* (FEBRUARY 2018- MARCH 2019)

Developed Web page and back-end app for inventory control, working with a team implementing Kanban.

PROJECTS

Radium Rocket, Rosario | *Training Course* (AUGUST 2021 - JANUARY 2022)

Design of a fictional company that matches clients with applicants, using MERN stack with redux, git and SCRUM framework.

SKILLS

SOFT

Teamwork -
Open-mindedness - Active listening - Resilience - Perseverance - Creativity - Striving

FRONT

React - Next.js - Javascript - Typescript - HTML - CSS - GraphQL - Redux - Tailwind - Framer Motion

BACK

Express.js - ASP.NET - Spring - GraphQL

Databases

MongoDB - PostgreSQL

ORM's

Sequelize - Prisma - EF - Hibernate

API's Y SDK's

Mercado Pago - VideoSDK - Telegram

OTHER TOOLS

REST API, Git, Agile Methodologies, Serverless, Data Structures, Algorithms, SQL

LANGUAGES

-Spanish (Native)

- English (Advanced)

[EFSET Certificate](#)
